"Enjoy Your Stay"

Glenn Ridge, host of "Sale of the Century"

Glen's Welcome ...

Hi, and welcome to Sunraysia. It's always a great feeling for me to leave the city, pass through or fly over the surrounding desert and arrive in this oasis of unlimited vineyards and orange groves. It's a friendly, relaxing place with a lifestyle so different to the hurley burly city life.

... to wake up each morning to sunshine and blue skies. I don't know anywhere else where the sun shines as often as it does here in the Sunraysia.

... to wonder what the day has in store, perhaps a visit to one of our 35 tourist attractions, or maybe check out some of the local wineries ... fish or swim or ski or cruise the Murray on one of the many paddle steamers. And once the sun goes down and the stars come out, re-coup your money at one of the licensed clubs.

Sunraysia really is a unique and great place. Over many years I visited as a tourist and recently became resident and involved in the hospitality industry, and through talking to many of our patrons about the area, hearing of their fun and interesting activities, I have grown to appreciate the diversity of things to see and do for the individual or the whole family.

This Sunraysia Visitors Guide will show you how much there is to do, and the beauty of it is that you can easily find all the local places of interest which will make your holiday memorable.

Welcome to Sunraysia ... have a fantastic holiday, and I know that when you return home, like me, you'll have fallen in love with Sunraysia and want to return again as soon as possible.

Designed to serve a vast region, the historic Wentworth Gaol now stands as a vivid reminder of those harsh and uncompromising days when Wentworth stood on the edge of the lonely Australian inland. Classified as essential to the preservation of Australia's heritage, the Historic Gaol stands as a mute tribute to the craftsmanship of our pioneer builders and to the unfortunate inmates.

The Gaol also houses The Nanya Exhibit dedicated to the courage and ingenuity of a remarkable man and the beautiful and magnificent Morrison collection.

Welcome to Wentworth ...

At the junction of Australia's two greatest rivers, the Murray and the Darling, is the historic town of Wentworth.

Captain Charles Sturt discovered the junction in 1930, and Europeans first settled here in the 1840's.

Wentworth was the nucleus of river trade between NSW, Victoria and SA for over 70 years.

Today Wentworth still retains an "old town" atmosphere and the rivers provide water for the irrigation settlements and wonderful boating, fishing and water activities.

The Wentworth area is the perfect holiday destination with the two rivers, the junction, Lock 10 and the Weir, the native vegetation and wildlife, the Perry Sandhills, M.V. Loyalty and Party-Boat cruises, Australia's only monument to a tractor, the historic buildings, the Old Gaol, Rendelsham House, Pioneer World, art & craft shops, Orange World, Fotherby Park with the Ruby and Possum statue, the canoe tree, wineries, and many park and picnic areas.

Wentworth and district offer visitors accommodation to suit every pocket with 10 motels, 10 houseboat companies, 5 holiday unit complexes and 5 caravan parks. There are also 6 hotels and 2 service clubs with poker machines. The Coomealla Club at Dareton, and the Wentworth Services Club provide entertainment for young and old, 2 championship golf courses, excellent sporting facilities and creches.

From Wentworth travel to: Mildura (30 minutes); Mungo National Park "The Walls of China" (90 minutes), Pooncarie (75 minutes); Broken Hill (under three hours), for fantastic day trips.

A future attraction to the district will be the Sunraysia Oasis Botanical Gardens, only minutes drive along River Road from Dareton. The gardens will be world-class and turn the "desert to blooms", with over 1600 roses, natives and nature trails.

Mungo National Park

As part of your visit to Sunraysia the "Walls of China", the lunette (or crescent shaped sand dune) of Mungo National Park, is a must. The Park forms part of the Willandra Lakes World Heritage area. Begin your tour of the park from the Visitors Centre where you will find a display on natural, historical and Aboriginal heritage of the area.

Other attractions at the park include the Mungo Woolshed built around 1869 and the Drive Tour which is a 60 km park road suitable for 2-wheel drive vehicles. It incorporates signs which describe the natural and cultural heritage of the park and short walks.

The park is situated approximately 110 kms north east of Mildura and is suitable for a day trip, overnight or longer stay. Fuel up prior to leaving the nearest town and carry water. BBQ facilities and picnic areas are scattered throughout the park and there are two camping areas and shearers quarters accommodation. Contact the Lower Darling District Office on (050) 231 278 or call in for shearers quarters bookings and further information. The District Office is located at the Buronga Shopping Centre, Sturt Highway, Buronga.

NSW Parks and Wildlife Service

MALLEE NATIONAL PARKS

The Mallee national parks are full of variety and interest: dry, salt and fresh water lakes, Red Gum lined rivers, tall sand dunes, mallee scrub, native Pine-Buloke woodland and prolific wildlife.

There are plenty of opportunities for walking, nature study, bird watching, picnicking and touring in the parks. **Many of the tracks are accessible to two wheel drive vehicles.** Nearby towns provide a range of facilities and cultural attractions.

Autumn, winter and spring are the best times to visit the parks. It is advisable to carry water, to obtain up to date information about road conditions and to talk to rangers before setting out on long walks.

There are several parks within a day's drive of Sunraysia.

1.Hattah-Kulkyne National Park and Murray-Kulkyne Park.

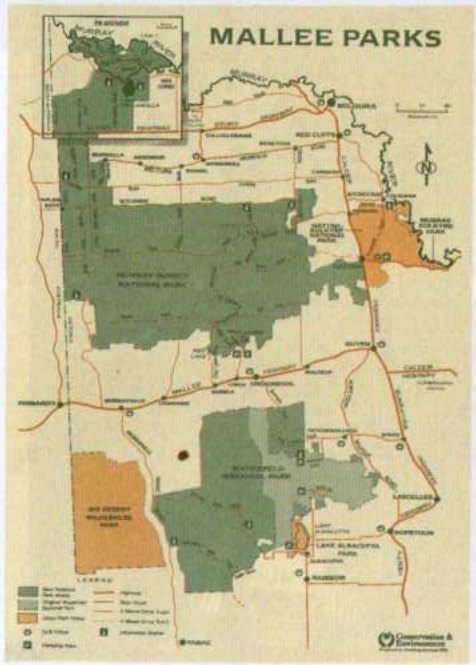
These parks include a section of Murray River frontage and the Hattah Lakes system. These lakes fill intermittently when the Murray floods. More than 220 species of birds have been recorded in the park and it is one of only two or three parks in Victoria where Red Kangaroos can be seen.

2. Murray-Sunset National Park.

This extensive new park incorporates the previous Pink Lakes State Park and is Victoria's second largest national park. The area contains a very broad range of environments, including the riverine plains of the Murray and Lindsay Rivers. Mallee vegetation covers large areas of sand dunes and it is here you will find colourful wildflowers during winter and spring. The diverse and complex environments also support a varied array of native fauna, including the Malleefowl.

3. Wyperfeld National Park and Lake Albacatuya Park.

The outstanding feature of these two parks is the chain of normally dry lake beds linked by Outlet Creek, the final stretch of the Wimmera River. Wyperfeld was significantly enlarged in 1991 and again in 1992, to protect several important plant and animal com munities and to include areas of high quality wilderness.



Mallee National Parks, Mildura.
